About Us

HIFS revealed itself in 1998 in the field of Food, Beverage, Snacks, and Spices after the establishment of the **family business in 1967**. Due to the very rapidly growing up business popularity of the **"Royal"** & **"Winner"** Brands of HIFS has been apparently renowned in the core of the millions of people in the home country and even has been able to spread its product to about 26 (Twenty-Six) countries around the world. At the root of this progress, there have been employed more than 500 manpower employed in 3 factories, smart sales and marketing staff, and skilled lab management to determine the quality of products.

HIFS is certified to be able to gain the trust of domestic and foreign buyers due to the quality of its products. Consequently, the company achieved the 1" FSMS certificate and in 2021 was awarded the small entrepreneur award of the year by SME Foundation.

Why Choose Us

as Your Food & Beverage Manufacturer & Supplier?

Choose us as your trusted partner for expertise and reliability in the food and beverage industry.
